Abstract: This is a gratitude song created with children’s bedtimes in mind.

Keywords: gratitude, love, connection
Evening Gratitude Song

(To the tune of Twinkle Twinkle Little Star)

Universe Verse
Universe, universe far and near
Enfolding all we hold so dear
Light, love, and life divine
Cosmic energy that is sublime
Universe, universe far and near
Enfolding all we hold so dear

Earth Verse
Earth, earth far and near
Enfolding all we hold so dear
Giving water, food, shelter - you are home
Great mother of life, no one can own
Earth, earth far and near
Enfolding all we hold so dear

Family Verse
Family, family far and near
Enfolding all we hold so dear
Together we love, laugh, learn and grow
We care for each other with the best we know
Family, family far and near
Enfolding all we hold so dear

Self Verse
Tonight we are resting here
Giving thanks for all we hold so dear
For life, family, and the world we love
We can dream as big as the sky above
Tonight we are resting here
Giving thanks for all we hold so dear

Others Verse
To those in need far and near
We are holding you so dear
We pray for your healing of body and heart
And that of divine love you will feel a part
To those in need far and near
We are holding you so dear
